Counseling Services

- 
- The Department of Student Support Services at Uplift Education offers an innovative and robust mental health counseling program staffed by highly qualified mental health professionals, including, but not limited to, state Certified School Counselors (CSCs), Licensed Professional Counselors (LPCs), and/or Licensed Master Social Workers (LMSWs). Social/Behavioral Counselors at Uplift Education implement a school-based mental health model which prioritizes mental health and well-being of scholars.
 - Program components include
 - responsive counseling services
 - guidance and prevention curriculum
 - and system support
 - As licensed mental health clinicians, Uplift Counselors are proud to offer short-term professional mental health counseling services and crisis assessment.
- 

- 
- El Departamento de Servicios de Apoyo Estudiantil de Uplift Education ofrece un programa innovador y sólido de asesoramiento sobre salud mental integrado por profesionales de la salud mental altamente calificados, que incluyen, entre otros, Consejeros escolares certificados (CSC) estatales, Consejeros profesionales con licencia (LPC) y/ o Trabajadores Sociales Maestros Licenciados (LMSW). Los consejeros sociales/conductuales de Uplift Education implementan un modelo de salud mental basado en la escuela que prioriza la salud mental y el bienestar de los estudiantes.
 - Los componentes del programa incluyen
 - servicios de consejería receptivos
 - currículum de orientación y prevención
 - y soporte del sistema
 - Como profesionales licenciados en salud mental, Uplift Counselors se enorgullece de ofrecer servicios profesionales de asesoramiento de salud mental a corto plazo y evaluación de crisis.
- 

RESPONSIVE COUNSELING SERVICES

Responsive Services consists of activities designed to meet the immediate needs and concerns of students. These needs often include: individual counseling, small group counseling, staff consultation, crisis counseling, and/or serving as an information and referral source to Uplift families for appropriate external mental health care.

GUIDANCE AND PREVENTION CURRICULUM

Social/Behavioral Counselors deliver a Guidance Curriculum consisting of structured psycho-educational lessons for all Uplift Education students in grades K-12. Guidance Curriculum at Uplift Education is designed to promote positive mental health development. Additionally, Social/Behavioral Counselors deliver prevention trainings to scholars on topics such as substance abuse prevention and teen dating violence prevention.

SYSTEMS SUPPORT

Social/Behavioral Counselors help support the success of the overall school system by sharing their mental health expertise with colleagues, other school faculty, school leaders, parents and community partners. Social/Behavioral Counselors serve as standing members of student service-related committees such as SST/RTI, and are available by appointment for consultation to support a variety of needs.

Family Therapy

Uplift Education places a high priority on the social and emotional health of our scholars. Uplift Education's Counseling Services Program brings a licensed mental health professional to each school to promote the social-emotional well-being of our scholars.

We are happy to extend our social and emotional health focus beyond the campus to our families through free family therapy services.

Available in English and Spanish

Can help families improve communication and resolve problems.

Can include all members of the family, just those willing or able to participate, or other individuals close to the family.
