# Appendix B: Test Session Sign-in

1. Proctor and Student - At the specified testing time, both the proctors and students log in to their school-approved communications platform (video meeting, chat, etc.)
2. Student/Parent/Caregiver navigates to https://test.mapnwea.org/
   a. If pop-ups have not been disabled a window may appear with a message that reads "Oops! Where's my test window?" (see screenshot) This message may appear when a pop-up blocker prevented the test widow from opening. Please refer to the instructions on how to disable pop-up blocking in Appendix A above.
3. Proctor reads directions for testing to the students
   a. A sample proctor script is provided below
4. The student receives the session name and password from the proctor
5. On the login screen, the students/parents/caregivers enter the test session name and password.

Oops! Where's my test window?

Either a pop-up blocker blocked it, the test window was moved or minimized, or the test window opened and was accidentally closed.

Here's what you can do to fix it.

Reason 1: A pop-up blocker is blocking the test window.
Solution: Ask your teacher to help you turn off the pop-up blocker and reload your test window.

Reason 2: The test window was moved or minimized.
Solution: Ask your teacher to help you find the test window or maximize the test window again.

Reason 3: The test window actually did open, but it was accidentally closed.
Solution: Refresh or close the browser window and try re-launching your test.
